

SIDHARTHA KUNA

Java Backend Developer | B.Tech CSE Student

📍 Andhra Pradesh, India • sidharthakuna@gmail.com • +91 7981794512

GitHub: github.com/sidharthakuna • Portfolio: sidharthakuna.github.io/Portfolio • LinkedIn: linkedin.com/in/sidharthakuna

PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience building Java and Spring Boot applications. Proficient in developing REST APIs, implementing JWT-based authentication, and working with SQL databases. Passionate about backend engineering and continuously enhancing problem-solving skills through projects and Data Structures & Algorithms.

EDUCATION

B.Tech in Computer Science and Engineering

2024 – 2028

Raghu Engineering College, Andhra Pradesh, India • CGPA: 8.8/10

Intermediate (MPC)

2022 – 2024

Sri Chaitanya Junior College, Visakhapatnam, Andhra Pradesh • 91.6%

10th (SSC)

2021 – 2022

Sri Krishna Grammar School, Andhra Pradesh • 96%

TECHNICAL SKILLS

Programming Languages

Java, JavaScript, HTML, CSS

Backend Technologies

Spring Boot, Spring MVC, REST APIs, JWT Authentication

Databases

MySQL, PostgreSQL

Frontend

React.js, Vite

Tools & Platforms

Git, GitHub, Docker, Maven, Postman, VS Code, IntelliJ IDEA

Core Concepts

OOP, Exception Handling, Collections Framework, DSA, API Development, Database Design

PROJECTS

1. Anonymous User Authentication System | Java, Spring Boot, PostgreSQL, JWT, Docker, Postman

- Developed a secure authentication system with JWT access and refresh tokens.
- Implemented role-based authorization with STUDENT, TEACHER, and AI_MOD roles.
- Designed an anonymous identity mechanism using automatically generated codenames.
- Created REST APIs for registration, login, and profile retrieval. Tested with Postman.

2. AI Background Noise Remover | Java, Spring Boot, Python, Docker

- Built an audio processing application capable of reducing background noise from recordings.
- Integrated Python-based noise reduction techniques with a Spring Boot backend.
- Containerized with Docker; implemented file upload and processing workflows.

3. Personal Developer Portfolio | React, Vite, CSS, GitHub Pages

- Designed and developed a responsive portfolio website showcasing skills, projects, and background.
- Implemented modern UI principles with reusable React components. Deployed on GitHub Pages.

ACHIEVEMENTS

- Maintained a strong academic record with a CGPA above 8.8.
- Built multiple full-stack and backend-focused projects independently.
- Actively learning advanced Java backend technologies and system design concepts.

STRENGTHS

- Strong problem-solving mindset
- Quick learner and self-motivated
- Team collaboration and adaptability
- Attention to detail
- Commitment to continuous improvement

LANGUAGES

- English
- Telugu
- Hindi

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
